What's the Matter With the Mails?

WYTHEVILLE, VA., October 10. Ma. Eprron: I have seen in the papers that there has been considerable grumbling in regard to the way the post-office business is carried on. I sent a registered letter to my wife at Knoxville, from Bristol. This morning I received a letter from her, stating that it had WI call especial attention to some nice laid in the office four days before she got it; and that she went and called for mail every day. We received a money order from that | Congress, and he is gaining every day. office which was issued the 5th. The advice never left that office until the 7th, causing us to lay over here several days, with much inconvenience and expense.

You can add this to the rest of the complaints, if you like, for the people should know how the business is conducted since

In fact, our mail arrangements are all out of joint, and come it all sorts of diections and times. What is the matter? Yours truly,

MR. EDITOR: L. C. Houk spoke at Walnut Grove, Campbell County, to-day; it consisted in personal abuse of Capt. WHEAT, ROANE COUNTY, TENN., Oct. 10. Mn. EDITOR: You may tell your readers that my county, the ever-loyal Roane, is going to do a good days work for Captain Rule on the day of the election. I think a majority of us are in favor of sending him to Right here I will state, that while on my

way to Knoxville, the 21st of August, I got in company with a Houk man, and while candidates, he remarked that there was a few fools in the 19th district of Knox County that had gone wild over Rule, and was doing all they could against Houk, but they would find out in November that Rule would have very few friends, but I can inform my friend that there is a grand army of that kind of fools, and we are going to prove it Whitesburg, on the railroad, to this place. to him on the day of the election. The guerrillas and bushwhackers may annoy our flanks and pick off a few stragglers, but can no more retard the advance of our grand army than the Southerners could stop Sherman in his grand march to the sea."

Mr. Gibson failed to tell who was the commander of that grand army, but we will

not fall out with Mr. Gibson for that. We will fill out that little blank with pleasure, by saying that we have nominated the Hon. Wm. Rule to head that grand army, and we have no fear but what he will lead it on to

W HEN YOU READ OF A MEDICINE THAT will cure all diseases, beware of it, for every sci-ntific physician on earth knows how fallacious such statements are. But when you read of a medicine compounded by a regular physician and surgeon of high standing, that physician and surgeon of high standing, that claims to cure only a certain disease, and furnishes high proof that it does this, you can safely try it, and with the assurance that it will cure you. Dr. V. R. Stone, late Physician and Surgeon of the U. S. A., has placed before the public a preparation called

drunkards, he unsaid by proxy at Sevierville last Monday. It is really cruel in Judge Houk to demand such service of so good and sensative a man as Judge Temple as to appear in public, either personally or proxibly, to uphold and defend the drunkenness of a person in high official position. But if Judge Temple dou't do it, and Houk could possibly be redected, Temple had just as well set his old shoes on the outside of the door for Yardley to get into them.
